

~~TOP SECRET~~

8 March 1951

MEMORANDUM FOR: Deputy Director (Plans)

FROM: Legislative Counsel

25X1  
25X1  
1. Reference is made to the Memorandum for the Record from [redacted] dated 6 February 1951, Subject: [redacted] and attached papers returned to you herewith.

2. The Draft Bill (S. 1), presently being considered by the Senate, provides for enlistments of up to 125,000 aliens in the Regular Army at a rate not to exceed 25,000 aliens a year for five years. If this provision is approved, I do not believe that separate action for a Liberty Legion or similar organization will be taken in the present session of Congress. Therefore, no steps would appear necessary to be taken to head off Mr. [redacted] or his discussions, as suggested in [redacted] Memorandum to the DCI of 24 February 1951.

25X1

3. I shall propose to the Director when he returns that sometime in the near future he consider inviting Senator Lodge to lunch here and brief him privately on CIA activities as he has briefed others in the past. This may prove helpful in bringing Senator Lodge on our side and making him aware of the work we are doing.

4. I am attaching herewith an insertion which Senator Lodge recently placed in the Congressional Record.

Walter L. Pforzheimer
